

# SHOULD I GET LUNG CANCER SCREENING?

Lung cancer is the #1 cause of cancer-related death in the U.S. When cancer is caught in its early stages, it's more likely to be treated effectively. That's why lung cancer screening is so important.

**You may be eligible for lung cancer screening if you:**

**Are between the  
ages of 50 and 80**

**Have a history of  
more than 20 pack  
years of smoking**

**Are a current smoker or  
have quit smoking within  
the last 15 years**

**For more information about lung cancer screening, or to find out if you are eligible, call 800-TEMPLE-MED (800-836-7536).**
